

## School Supplies List for 2016–2017 M1 and M2

Dear Parents,

Below is the list of school supplies your child will need for this school year 2021–2022.

In preparing for the new school year, consider taking some time before the first day of school to communicate with your child about the new year to come.

If your child is in M1, talk to your child a bit about the environment at the European school and remind them how it makes sense to you that they are part of this particular school system.

If your child is an M2, try to talk with them about how it was for them last year and how much they have grown. Remind them, things will be slightly different this year and although there will be higher expectations, there are also some privileges to being M2.

If you have any questions please contact me at the following address:

There will be a class meeting hopefully, on September 3rd, 2021 at 4:30 p.m.

Thank you, I look forward to a wonderful year,

Alma Valette M1/M2 EN Teacher
